v.

Toyota Motor Corporation et al,

Civil No. 10-2805  
(ADM/DTS)

The Padden Law Firm, LLC moves this Court for an Order to accept the late filing of its Reply Memorandum in Support of its Motion for Additional Findings per Rule 52(b) and for and Altered Judgment per Rule 59(e). As reported in the Declaration of Sharon L. Van Dyck filed in support of this motion, she encountered insurmountable technical difficulties trying to e-file into the ECF system on June 22, 2018, and was unable to gain access until the next day. To mitigate any possible prejudice, opposing counsel were timely supplied with a copy of the reply memorandum via email.
